Lê Ngọc Trí

Full-stack Developer · Fresher

nightt9104@gmail.com Zalo: 0353 857 111 github.com/TriLN91 Ho Chi Minh City

SUMMARY

Software Engineering student at FPT University with a strong frontend foundation in React and TypeScript and working experience with Spring Boot and PostgreSQL. Experienced in team projects from business analysis to UI testing. Looking for a Fresher / Junior full-stack role. Available immediately.

EXPERIENCE

Frontend Intern · FPT Software 09/2025 – 12/2025

- Contributed to the frontend of a hospital management system.
- Gained hands-on experience with a microservices architecture and how the frontend integrates with multiple backend services.

PROJECTS

FitFlex AI · AI Fitness Coaching & Gym Platform 2026

Capstone project · Team of 4 · Role: UI/UX, business analysis, frontend & backend

- Designed and refined the user interface; analyzed requirements for coaching, gym and trainer flows.
- Built the backend for a core flow: workout progression tracking.

Tech: React, TypeScript, Tailwind CSS, Spring Boot, PostgreSQL · github.com/TriLN91/GymManagement_UI

GrandStride · Horse Racing Management Platform

Course project · Team of 5 · Role: Business analysis, frontend & UI testing

- Analyzed business flows for race organization, horse registration and betting.
- Built frontend pages with React and Tailwind CSS and tested the UI across pages.

Tech: React, JavaScript, Tailwind CSS, Spring Boot, PostgreSQL, Supabase · github.com/MyHanh264/HorseRace.FE

Personal Portfolio · Full-stack web application 2026

Personal project · Solo

- React + Three.js frontend with a 3D scroll-driven scene and bilingual content (English / Vietnamese).
- Spring Boot REST API with PostgreSQL: contact form with email notification and spam protection, GitHub stats; Docker and CI.

Tech: React, TypeScript, Three.js, Spring Boot, PostgreSQL, Docker · github.com/TriLN91/Portfolio
